

My future care

Introduction to Advance Care Planning workshop

We all want to have a say in what happens in the last part of our lives. By making plans that cover your future care, lifestyle, health and finances, you're not only working out what you want, you are also making things easier on those around you. This process is called Advance Care Planning.

In this **FREE** workshop we will cover information on what's involved in Advance Care Planning, how to get started, and how to talk about your wishes for the last stage of your life with your family, loved ones and health care providers. This workshop is suitable for all members of the community including health professionals and service providers. You can be any age or have any level of health.

Date: Wednesday, 9 February 2022
